Your Ministry can BROADCAST LIVE without a monthly fee!

Greetings!

First of all, it is an honor to have you review this letter. I would like to introduce you to **GoodFaithStreaming.com**, powered by Blue Juice Media. **GoodFaithStreaming.com** is the perfect solution for any ministry desiring to share the good news with a broader audience online!

Imagine being able to broadcast your ministry live over the internet without incurring a monthly fee to do so! **GoodFaithStreaming.com** is the perfect solution for ministries who wish to share the good news to a broader audience, reaching those who may not have been reached before. You now have the ability to expand your ministry to reach people by the thousands without bearing the monthly maintenance cost.

How does it work?

We set up your webcast channel on our network, we send you the configuration settings in order to successfully broadcast your ministry, we send you the link to place on your web site or give your visitors in order to access your broadcast media page on our network, and we place links on the media page to allow the viewers to support the network with contributions to pay for the platform supporting your broadcast. **We can also place links on your media page to allow viewers the option to give donations to your ministry!** The only cost you incur is an annual license fee of \$799.00 USD. It's as simple as that! **As an appreciation for your business, we are offering your first year's license at \$599.00 USD! NOW IS THE TIME TO TAKE ADVANTAGE OF THIS OFFER!** The process to get started today is easy. Just call 817-808-0815 or log on to <http://www.goodfaithstreaming.com>, sign up, and in as little as 2 business days, your broadcast network can be live!

How is this supported?

We believe that supporters of your outreach will support the broadcast of your ministry to the world, which further helps you to perform the great commission to preach and teach the Gospel to all the inhabited earth. This tool for ministry does not come with a monthly fee to you like most webcasting services, and we believe by faith that those who view the network and believe in it will support it in order to keep it that way. It is not required that viewers of your network contribute anything at all to support it. Again, we just believe by faith that they will. Their support will also allow us as a company to offer more services to you at no cost as well as expand the network to include more features and ministry tools that you can utilize, because as you probably can imagine, there is a substantial cost to run and maintain your broadcast network on a continual basis. Additionally, after your supporters have contributed \$300.00 USD within a month's cycle, we will sow 50% of future contributions we receive from your supporters in that same month's cycle back into your ministry!

Once again, I want to thank you for taking the time to review this information. I am happy to be able to offer one of my business services as a ministry tool to sow into great works, especially those promoting faith and abundant life. Let's all get back to a life of Good Faith together!

Be Blessed!

Good Faith Program Available Add-On: Managed On-Demand Archive Service

Our Managed On-Demand Archive Service not only allows for the online storage of your broadcasts, it also serves as a concierge service for the management of your recorded data. After each broadcast has been completed, you can send the title of your broadcast to managemymedia@goodfaithstreaming.com, and one of our techs will place the link to the broadcast, along with the title, on your media page. This way, users who desire to return and enjoy past services can do so within a few clicks.

1GB Disk Storage with Management - Addl. \$69.95/mo or \$299.50/yr
